## BUILDING MATERIAL MARKET.

**BRICKS.**—A firm tone was retained on the market for Common Hards for a short time following our last report, but of late a tendency to weakness had developed and the selling interest rather loses advantage. For Haverstraw \$10.50 has been obtained, and in some instances is still asked, but \$10.00@10.25 per M appear more likely as selling rates, and Long Island stock at about corresponding figures. On Jerseys about \$9.00@9.25 or possibly \$9.50 for special brands are named as full enough for wholesale quotations. The slackness is attributed in part to a somewhat reduced outlet, the demand having fallen away to a greater or less extent from many quarters and buyers evidently moving with a greater degree of caution. Whether this is the result of an actual diminution in consumptive wants for the time being, or a sort of stand-off policy while accumulations in hand are being worked up, remains to be seen, but the call for brick is certainly slower all around. The water communication with the "Bay" may now be considered as pretty well restored, and there is an evident expectation supplies will be moving into market with greater freedom, leading to the natural sequence of lower rates. Manufacturers will unquestionably take advantage of the restored transportation facilities to forward the accumulations in hand, but we find a number of the Trade who think an over-estimate of the trade has been made, and that there will be disappointment in the volume of offerings, through which sellers may secure considerable advantage before the appearance of new brick. Pales are not active, and somewhat uncertain in value, though \$5.25 is considered all that can be obtained. North River Fronts are wanted, the demand in part from the East, and at \$15 per M manufacturers could probably clear out their entire stock in hand.

**LATH.**—The market continues to "stand up" remarkably well and the advantage of the selling interest appears unimpaired. Quite a fair amount of stock has come to hand, but as for a long time past, there was somebody ready to take it, and with very little trouble a place could be found for the offering while former value was submitted to and the latest sales up to the close show \$2.60 per M. It is, however, noticeable that buyers are not anticipating their wants to any extent and seem content to await the arrival of cargoes before opening negotiations.

**LIME.**—The market has been very quiet for want of stock and values in consequence nominally unchanged. It is believed, however, that a great many buyers are awaiting the arrival of fresh supplies and an advance on the next sales is suggested as among the possibilities.

**GLASS.**—For domestic window there has been a fair sort of demand, but apparently in many cases not of a positive character, and has proven disappointing to a portion of the trade. Still, with immediately available supplies small, and not many additions expected, sellers have remained firm at full former rates. French window seems to have fallen into a quiet and somewhat slack situation, rather to the decided disappointment of quite a number of importers. They have not become discouraged, however, and while policy has led to some trifling shadings to secure desirable customers, prices, as a rule, remain steady.

**HARDWARE.**—More business has been done of late, and this gives birth to increased hope among the trade. Still, there is wanting a certain push and vigor to the actions of buyers tending to show that demand is likely to develop slowly, and it is expected that the distribution will continue within the limits of early requirements for some time to come. Manufacturers generally look upon the tariff as favorable for their interests, but find customers of a different opinion, owing to the reduced duties on material, and this feeling no doubt, is to some extent a check to trade. Prices remain pretty steady as a rule. At a recent meeting of the lock manufacturers existing rates were confirmed, but on Strap and T Hinges there is a reduction of some 12½@15 per cent.; with the new discounts, at 55 and 60 per cent.

The manufacturers of cordage influenced by the changes on raw material have advanced the prices ½c on sisal, and made a corresponding reduction on manila. On foreign goods the following list is published for Stubb's taper files subject to about 2 per cent. discount:

Inch.....	2½	3	3½	4	4½	5
Per doz.....	\$1.70	1.70	1.80	2.00	2.80	3.10
Inch.....	5½	6	7	8		
Per doz.....	\$3.30	3.50	4.25	5.25		

**LUMBER.**—The distribution for consumption continues rather moderate and of somewhat uncertain form, with a tendency to find fault noticeable occasionally. Allowing, however, for the unfavorable weather since the commencement of the year the outlet has probably been as full as could reasonably be expected, and fair hopes are entertained for an improvement in due time. Operators generally appear to be approaching the new season with a great deal more caution than last year, and the expressions of opinion are of quite a guarded character. There is a certainty that more stock will be wanted for consumption as soon as the weather becomes more settled, but buyers are not anticipating their wants to any extent, and it is difficult to obtain a clear idea as to the probable extent of the call. This is especially the case on builders' stock, as the amount of work to be done in lumber-consuming structures is as yet a matter of some doubt. For manufacturing purposes, car building, etc., the prospect is fair, with quite a little amount of stock already under contract, though not enough to have any decided influence. Those who supply the export trade have been doing very well, actual figures as given by us on the first of the month showing an increase over last year since January 1st, and the excess still appears to be maintained. There is still an impression that supplies will be full enough for all wants during the coming season, and greater attention is being given the situation at primary points. Eastern Spruce retains about the same general features for some little time noted. Yard dealers have found some increase of business but not enough as yet to make any serious inroad upon their accumulation and the desire to replenish in consequence has no special stimulus. Randoms of good full size stock would probably secure attention provided no advance was asked, but short and narrow stuff is not wanted, and the sale of such quite as uncertain as at any time during the season. Offerings are not large and receivers make no great effort to realize upon cargoes afloat. A fair number of specifications for special cuts have been received and accepted, which in conjunction with those before noted from other points, gives manufacturers more to do, and adds somewhat to their confidence. Quotations continue at about \$14.50@16.00 for Randoms up to \$19.00 for Specials according to cut.

White Pine has held its own fairly on price and shows a somewhat better situation owing to the further reduction of stocks. Export grades in particular have run down, meeting the orders before referred to, and owners of the remainder are correspondingly strengthened in their views. On some account little change is reported but such it is shows an improvement and in many cases expectations are entertained that consumption will soon reach pretty full proportions. No important action has as yet been taken looking to a replenishment of stocks, and the feeling is that while nothing can be lost by waiting there is a chance for some little gain. We quote \$19@21 for West India shipping boards, \$28@30 for South American do; \$17@18 for box boards, \$13.50 to \$19 for extra do.

Yellow Pine has not met with any important demand from the yard trade owing in part to the absence of more than an ordinary distributive business, and in part to a desire to work down and get rid of as much of the old stock as possible. A great many agents, however, have specials to figure over for car building, dockage purposes, etc., and reports are again made of several fair contracts made and others of greater or less magnitude on which negotiations are progressing favorably. These will probably be closed without much change in cost, but as work commences to accumulate at the mills, manufacturers stiffen in their views and some are talking about an advance. At \$20.00@22.00 per M figures are still named for a fair average quotation.

Hardwoods not very active. Some extra lots of Walnut and Oak are wanted as usual and offerings of such sell fairly, but simply good stock or quality below is neglected and has quite uncertain value. Indeed the surplus of undesirable goods continues to be felt and the market must be sold up cleaner before values are likely to positively strengthen. We quote at wholesale rates by car-load about as follows: Walnut, \$80@115 per M; ash, \$35@45 do.; oak, \$40@50 do.; maple, \$30@40 do.; chestnut, \$14@50 do.; cherry, 40@75 do.; whitewood, ½ and ¾ inch, \$30@35 do., do. and do.; inch, \$33@42; hickory, \$35@65 do.

Shingles still in moderate supply and with a good demand for the season, the market well maintained on a basis of full former rates all around. We quote Cypress at \$9.00 per M for 5x20, and \$11.00 do. for 6x20 regularly assorted shipping; Pine shipping stock, \$2.50 for 18-inch, and Eastern saw grades at \$2.50@4.50 for sixteen-inch, as to quality and to quantity. Machine dressed cedar shingles quoted as follows: For 30-inch \$15@20 for A and \$20@28.50 for No. 1; for 24-inch, \$10.50@15 for A and \$15@21.50 for No. 1; for 30-inch \$9@9.50 for A and \$9@12.50 for No. 1.

From among the charters recently reported we select the following:

A Br. ship, 1,369 tons, St. John, N. B., to Liverpool, London or Glasgow, deals, 62s. 6d.; a Br. barque, 599 tons and one of 681 tons, St. John, N. B., to the East Coast Ireland, deals, 60s.; a Br. barque, 445 tons, St. John, N. B., to Belfast, deals, 60s.; a Br. ship, 1,177 tons, St. John, N. B., to Liverpool, timber, 26s. 3d., and deals, 61s. 3d.; a brig, 107 tons, Portland to Montevideo or Buenos Ayres, lumber, \$13.50; a brig, 327 tons, Savannah to Demerara, lumber, \$3.50; a Sp. brig, 125 tons, Pensacola to Calbarien, lumber, \$8, Spanish gold; a schr., 303 tons, Pensacola to Aspinwall, lumber, \$12.50; a schr., 207 tons, hence to Arroyo, P. R., lumber, \$6, and shingles, \$2; a schr., 400 M, lumber, Brunswick to Philadelphia, \$6, free of wharfage at latter port; a schr., 140 M, lumber, Jacksonville to Bridgeport, \$8; a schr., 235 tons, Jacksonville to Washington, D. C., lumber, \$6 75; a schr., 280 tons, Jacksonville to New York, lumber, \$7.50, option of Port Jefferson, \$8; a barque, 615 tons, Apalachicola to New York, lumber, \$9; a brig, 264 tons, Port Royal to New York, lumber, \$6.25; a schr., 170 M, lum-

ber, Pedee River, S. C., to Boston, \$9, and river to wage.

## GENERAL LUMBER NOTES.

## THE WEST.

The Chicago Northwestern Lumberman says.

Better roads and more favorable weather make up the burden of the reports from the woods. While it is generally conceded that a full cut cannot be had on some of the streams, the intended amount will be reached on others.

**AT THE YARDS.**—The movement of lumber from the yards during the past week has been quite heavy. There is a diversity of expression about the actual volume of current trade, some asserting that it is large for the season, while others express disappointment that the demand is not as brisk as it should be, or was expected to be, in March. Some comparison of figures make it appear that shipments for the month of March are from 15 to 20 per cent less than they were in March, 1882, but it must be taken into account that only a week of the month has yet passed, and that by April 1 the aggregate of shipment may show as well as it did last year. We must consider also, that it was but recently that the western roads were blocked by snow or washed out by floods, thus hindering transportation, and that the grip of an extremely cold winter held firm until almost March. Further, the uncertainty about values in the spring tends to prevent the stocking up of yards.

Still, there is some sign of anxiety on the part of the mill-owners over the lake. Lately some of them have had representatives in the district offering to place lumber in yards that are to be started anew at low figures. One offer is stated to have been for 1,000,000 feet of piece stuff, to be cut, at \$8 a thousand—about \$3 below the price at the opening of the cargo market last spring. If the west Michigan manufacturers want to keep their ramparts intact they should catch this eight-collar man and shut him up.

## LUMBERMAN AND MANUFACTURER.

## MINNEAPOLIS, MINN.

The news from the pineries of Michigan, Wisconsin, and Minnesota makes it apparent that while the loggers have failed to secure their expected cut of logs they have got a full supply for the mills everywhere. On the Black, Wisconsin, and Chippewa the prospects are that there will be from 75 to 80 per cent. of the intended cut, and the same is true of the whole Lake Superior district. The St. Croix and upper Mississippi have done somewhat better, many operators having secured their full crop. The mild weather of the last week has driven many of the crews out of the woods who had long roads. The short-haul fellows never had a better chance.

In the lumber markets there is very little to note. In St. Louis the floods have interfered with the receipts as well as shipments, but the ice has done much less damage than was anticipated, both to the rafts and yards. Some leading articles have been advanced on the list, and full prices are obtained on all the rest. Chicago is growing more calm with the repeated assurances of the friendship of the dealers on the Mississippi. Last month the "bulls" and "bears" reversed positions, and the latter had to beg mercy at the hands of the manufacturers who proposed to reduce lists to the lowest figures which the bruins had offer to, to certain outside parties. This lesson will probably last for a little time at least. All indications point to an early revival of business.

**NAILS.**—Business continues of a more or less unsettled character, and there is really no positive market at the moment so far as values are concerned. The former list rate is kept standing, but sales thereat are very rare, and possibly only on orders, while careful buyers continue to secure all sorts of concessions, with \$3.20@3.25 generally mentioned for 10d to 60d as about the average on large parcels, and some sales even as low as \$3.15 per keg.

We quote list rates at 10d to 60d, common fence and sheathing, per keg, \$3.40; 3d and 9d, common do., per keg, \$3.65; 6d and 7d, common do., per keg, \$3.90; 4d and 5d, common do., per keg, \$4.15; 3d, per keg, \$4.95; 3d, fine, per keg, \$5.65; 2d, per keg, \$5.00. Cut spikes, all sizes, \$3.65; floor, casing and box, \$4.15 @4.9; finishing, \$4.40@5.15.

Clinch Nails.—½ inch, \$5.50; ¾ inch, \$5.25; 2 inch, \$5.40; 2½ inch, \$5.15; 3 inch and longer, \$4.00.

**PAINTS AND OILS.**—Some slight increase in the volume of business is again reported, and there is just so much more hope among sellers. Still business fails to reach the aggregate generally looked for at this season of the year, and there is a certain backwardness among buyers, yet to be overcome before the market can be brought into really good shape. Supplies in the meantime remain under such control as to permit comparatively easy carrying, and most owners are asking former rates with some showing of readiness. Lined Oil has continued to sell on regular trade orders without showing any really new or noticeable features, and about former prices are still quoted. The available supply fair. As we close the quotations stand at about 50½@50c. per domestic, and 50 @50c. for Calcutta from first hands.

**PITCH.**—A slow, moderate trade has been done, and without change in value. Supplies fair, with most owners quite ready to operate. We quote at \$2.25 @2.30 per bbl. for City, delivered.

**SPIRITS TURPENTINE.**—During the greater portion of the period since our last the condition of the market has been dull and somewhat uncertain, but in a general way the tendency rather favored buyers, and the close is slack. As this report is closed, the quotations stand at about 50½@50c. per gallon, according to quantity handled.

**TAR.**—Trading is fair for the season, but the market has few features of positive interest, and prices range much the same as for several weeks past. We quote \$2.75 @3.00 per barrel for Newberne and Washington, and \$2.87½@3.25 for Wilmington, according to size of invoice.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

BUILDING MATERIAL MARKET.

BRICKS.—With the exception of a further slight reduction on cost, the market for common hards has not developed many new features since last week. Business has shown a slow, and at times rather dragging tone, which has more than neutralized comparatively moderate arrivals and permitted careful buyers to secure the advantage with as yet no sign of immediate reaction. There appears to be a great many brick wanted, and indeed at present actually going into consumption, but the evident policy of both dealers and contractors is to move with much caution and nice calculations take place in order to make every thousand go just as far as it will. Buyers complain of the cost and assert that brick are altogether too high to warrant their use except as a matter of the most absolute necessity and express a determination to adhere to the hand to mouth policy until a lower range is reached. On the other hand, the effort is to keep the supply down as much as possible and the shipments are in consequence rather slow, partially assisted of late by low tides which have prevented captains loading their vessels rapidly. No special move is made to hold back stock, but there is an equal absence of special effort to get it forward and manufacturers are hopeful that as the weather becomes more open they will secure an advantage through the increasing necessity of consumers. Quotations are made at about \$8.50@8.75 for Jerseys, \$8.75@9.10 for "up rivers" and \$9.25@9.75 for Haverstraws. Pale remain under much neglect with a flat uncertain tone to the market and quotations more or less nominal, though \$1.00@1.25 and 450 are mentioned as selling rates according to quality. North River Fronts are scarce and wanted with Croton Points held firmly at \$15.00 per M, and not much effort to realize on red and darks, with \$13.00 quoted on brown.

GLASS.—For American window glass there has been a moderately active demand from regular sources but no unusual movement, and the selling interest expresses dissatisfaction over the situation. Stocks have accumulated somewhat, but not beyond control, and prices remain steady. French window is also piling up somewhat, and importers are disappointed in their calculations. They still think, however, that trade is delayed rather than lost, and quite generally refuse to shade the former line of valuation.

HARDWARE.—Considerable complaint may still be heard over the condition of trade, and occasionally dealers seem a little discouraged. The movement, however, is certainly in full proportion to kindred goods, and shows a distribution to all regular points accessible on any reasonable schedule of transportation charges. Exporters are not quite so active at the

moment, recent purchases having about filled all wants outside the regular run of orders. The production of goods continues, but is conducted with much caution, as the danger is in running too much of a lap of supply over the outlet until buyers take hold more earnestly. Prices in most instances rule about as before, and no changes of importance have been announced since our last.

LATH.—The noticeable feature of the market is its power to absorb stock. Up to the first of March the receipts from the Provinces above exceeded 14,000,000, or more than double the quantity for the corresponding period last year, besides such cargoes as came through from Maine, yet everything was sold as quickly as offered, and frequently before arrival with no important shading off on cost in anyway necessary. The market is now bare of first hand supplies, and scarcely anything of importance on the way, with sellers manifesting a very firm tone. We have no report of sales below \$2.55, and \$2.60 per M has again been made on some few lots for shipments to New Jersey dealers. The Maine ports are still, as a rule, blockaded, and shipments must of necessity be small.

LIME.—A moderate amount of stock has again come forward, and was all wanted, with full former rates quite readily obtained. Indeed, the market preserved a good firm tone throughout, and receivers are confident in view of anticipated small shipments from primary sources.

LUMBER.—A slight irregularity of tone may be noted in the expression of views by operators in the various descriptions of lumber, and it is noticeable that very few incline toward anything of a really buoyant character. Buyers are not sharp and snappish in the call for goods, and it has been found quite frequently, where a purchase was thought to be almost an absolute necessity, that customers would withdraw when efforts were made to force them into fuller bids. In fact the cautious spirit dominant in nearly all commercial circles is evidently casting its reflection upon the lumber trade, and a close thorough negotiation precedes every investment. Still, with more or less fluctuation in the volume of orders from time to time, it is almost a foregone conclusion that there must be some expansion in the volume of distribution from this time forward, and if manufacturers and shippers from primary sources are enabled to verify their predictions of small amounts to come forward, it is reasonable to expect that current valuations at least can be maintained, especially upon attractive stock, and something in this line will have to be taken for yard accumulation in addition to any call made for prompt consumption. Transportation facilities are improving somewhat both from near by interior points and coastwise, but charges, it is said, are not likely to ease off for some time to come.

Eastern Spruce has been offered a little more freely for a week or two on the spot and for nearby and distant float, with cost slightly variable. As a rule, however, sellers do not appear to have lost much ground where quality was at all good, and quite a number of randoms have been sold, including cargoes to arrive, on what may at least be called a steady basis. Brooklyn dealers are said to have made better customers than those from our own city, with the exception of a few extreme up-town firms. Specials have also been booked to a fair extent, and few, if any, of the mills now running or about ready to start are without orders slightly ahead of their immediate facilities for delivery. One or two agents here are on the lookout for South American orders to be filled and shipped from primary points in resumption of a fair business of similar character last year. A moderate supply of logs available is still among the claims of the selling interest, though in no stronger form than last week. Quotations range from \$15.00 up to \$16.50 and even \$17.00 for random, according to quality, and \$19.00 is talked of for specials.

White Pine remains essentially in the same position for some little time noted and there is no positively new features to suggest at the moment. A slow and somewhat limited home call prevails, and the modest volume of business on domestic orders during the winter has left its legacy in the form of fair stocks still on hand. The shipping grades, however, show a reduced and broken assortment from which it would be difficult to fill many extensive orders, and holders are correspondingly steady in their views, though the resumption of navigation to Albany re-opens a channel through which additional supplies may come forward to sufficient extent to prevent any positive scarcity. Some of our dealers who have been trying the interior markets against future wants report holders generally manifesting a firm tone. We quote \$19 @21 for West India shipping boards, \$28@30 for South American do; \$17@18 for box boards, \$18.50 to \$19 for extra do.

Yellow Pine, according to the average report is still "promising well," but beyond some increase in the volume of business does not appear to accomplish much that is really beneficial to sellers. Indeed, it is even doubtful if the volume of sales upon a larger scale is really a benefit, as it ties up the capacity of the mills for some time to come on such a narrow margin as to excite wonder over the consent of producers to the terms at which they contract. Many, however, unquestionably submit as a matter of policy if not necessity, as the natural outcome of the stiff to secure customers, and \$19@22 per M is again quoted for a general range, though \$20@21 is probably about the average operating basis. For local building purposes a yard stocks some call prevails, but the rail way companies in their various consumptive capacities are rather the best customers. Occasional fair sales are made of f. o. b. lots, at Southern ports on foreign orders.

Hardwoods, it may again be remarked to interior shippers, are not wanted in the form of ends and all sorts of rag, tag and bobtail stuff, even if there be a willingness to sell at low figures, but fine and attractive goods sent in here, meet with prompt enough attention to prevent an accumulation, and command good prices in nearly every instance. We quote at wholesale rates by car-load about as follows: Walnut, \$80@115 per M; ash, \$35@45 do.; oak, \$40@50 do.; maple, \$30@40 do.; chestnut, \$40@50 do.; cherry, 40@75 do.; whitewood 1/2 and 5/8 inch, \$30@35 do., do. and do.; inch, \$38@42; Hickory, \$35@65 do.

From among the charters recently reported we select the following:

A Br. ship, 1,337 tons, St. John, N. B., to Liverpool or London, deals, 88s. 91; a Br. ship, 1,600 tons, St. John, N. #### THE WEST.

The following items are from *The Northwestern Lumberman*:

With the logging season about at a close, there is not much that is new to be said. In some regions operators are making the best of the lingering snow, and where the roads are good—and in some places they are the best they have been—hauling is yet active. In many localities, on the other hand, the hauling is bad, and camps are hunking up. On some streams an early, and on others a late drive is predicted. The summing up, however, is generally favorable.

In regard to values the most significant event of the week was the adoption of a revised list by the trade of this city, scaling down the figures throughout nearly the entire list at fully an average of \$1 on all the leading lines of common and medium stock and finishing lumber, and more than that on select and uppers. It is thought that the new list fairly represents the prices that are now being obtained in the majority of transactions. It is not likely that much cutting below the new list will be indulged in even by the most ultra bears in the trade. In fact, there is no reasonable excuse for such a floundering with values, since the price is a good present demand, and the prospect is bright for its continuance. It should also be understood by everybody that the scaling down of the Chicago price list does not mean a drop in actual values; it is simply a revision of the figures on the schedule to conform to selling prices that have prevailed for months.

#### LUMBERMAN AND MANUFACTURER, MINNEAPOLIS, MINN.

There seems very much in the situation that is encouraging; in fact, the only circumstance which looks unfavorable is the now acknowledged fact that there is a surplus supply of logs cut for manufacture this year. The present stock of lumber will be well nigh exhausted before dry stock can be produced, and August is sure to find all the markets stripped of everything sawed last year. The worst feature boldly stated is that next January may find the West with perhaps 20 per cent. more lumber on hand than was held at the beginning of the year, and they are in much better situation to carry it over than they were last season.

The log crop is undoubtedly large, but it is a question whether the increased area of the West to be supplied will not absorb the crop and leave the three states with a light lumber supply at the close of the year. We are making up an estimate of the log cut of the northwest, and have got so far along in it that we can assure our readers that the extra amount of logs cut above last year will not more than supply the new built. If we have too many logs, we have too many mills. The continued cold weather has prolonged the log hauling, and at this writing the lakes and rivers of the pine region are as solid as in January, and most of those who have "shore timber" are putting in logs.

#### CHICAGO.

AT THE YARDS.—The condition at the wholesale yards has not materially changed from that of a week ago, either in demand or prices obtained. An active movement of lumber is visible all over the district. It is probable that the month will show almost or quite as great a volume of shipments as did March, 1892. On March 25, the secretary of the exchange figured out a total of shipments reaching 110,000,000 feet. Several dealers assert that they have sold during the month more than they did last year in the same time.

There is a fair enough prospect of a good demand for hardwood this year, but it is very apparent that

the trade is narrowing in. The yard business does not involve so many channels as formerly. The railroad business with the yards is not nearly so heavy as it was two or three years ago. It is not long ago that Chicago supplied the trade at points more or less remote from here, namely certain Mississippi buyers, where now the needed stocks are obtained more advantageously nearer home.

Whitewood continues very weak, and consumers are well supplied, though the city trade is possibly a ride on the improve. The offerings are large. Walnut is off a few dollars in price. The top notch for culls is reported at \$35, while sales of good culls have been made at from \$31 to \$33. Common is sold at from \$50 to \$55, and firsts and seconds \$75 to \$85. There are some dealers who pride themselves on their grades who hold their lumber up to former quotations, but sales are made at the figures here given. The grading in common and cull walnut is asserted to have grown better during the last year by force of gravity to the extent of about \$5 in intrinsic value, yet the same grade now sells for from \$5 to \$10 less than it brought at that time, making a total decline in the lower grades of walnut of \$10 to \$15. The difference in grade has resulted because of the dissatisfied demands of the consumer, who was constantly calling for a better article of cull for the same money. While the walnut yard trade is growing worse constantly, the demand is not held to be so much at fault as the supply. The manufacturers are wanting lumber at about the same rate, which is, in the meantime, a very slow rate, but the offerings were never so heavy. There is more walnut placed in the market than the yards could handle were they inclined to buy. There is estimated to be in stock at the yards from 5,000,000 to 6,000,000 feet, to say nothing of what is in the hands of commission men and consumers.

Shippers may expect to receive the prices that follow for green lumber on cars in this city, subject to Chicago inspection. Dry lumber averages in value \$2 or \$3 higher. It should be considered also that it usually costs the buyer about \$2 to take the lumber from cars, inspect, and pile it. Also, that desirable width or thickness in lumber sometimes enhances the value of a grade, and that undesirable sizes may not bring as much. Walnut firsts and seconds will bring about \$65, or \$70 if over an inch in thickness or extra wide; common, \$45; cull, \$26. Whitewood firsts and seconds will bring from \$22 to \$24; common \$14 to \$15; cull, \$10. In view of the fact that dry firsts and seconds have been sold at \$25, it will be seen that these prices are as high as can be expected. The difference between green and dry whitewood, and in the handling, is not so great as in some other lumbers. It costs from \$1 to \$1.50 to handle, and about \$1.50 in holding it while seasoning. The prices on other lumbers, green, are about as follows: Ash, firsts and seconds, \$28; culls, \$10. Oak, clear, \$26; second clear, \$23; common, \$17; cull, \$10. Cherry, firsts and seconds, \$18 to \$20; cull, \$15. Maple, clear, \$22; common, \$15; cull, \$9. Hickory, firsts and seconds, \$30; cull, \$10. Internut, firsts and seconds, one inch, \$35; same, 1½ inch and up, \$37.50; cull, \$10. Basswood, clear, \$30; common, \$14; cull, \$9. Rock elm, log run, \$16; firsts and seconds, \$20. Soft elm, log run, \$13; firsts and seconds, \$15. Sweet gum, log run, \$16; firsts and seconds, \$22.

METALS.—COPPER.—Copper has of late been rather slow and unsettled, with a general sort of tendency in buyers' favor. Consumption is moderate, and with the call had entirely on immediate wants very small inventories satisfy the outlet. Prices too have ranged lower, and this in the face of the considerable amount of stock going to Europe. And by the way it may be well to call attention to the fact that, with the exception of the principal daily commercial newspaper, *The Record* had the only report of the large export business at the time of its occurrence a fortnight or more ago. Some of the sleepy trade journals are just commencing to "understand" that something of the kind has taken place. We quote at 16 for Lake down to 15 for less attractive brands. Manufactured Copper is moderately active, and so far as reported, without change in value. Supply fair. We quote nominally as follows: Brazier's Copper, ordinary size, over 16 oz. per sq. foot, 30c. per lb.; do do do, 16 oz. and over 12 oz. per sq. foot, 32c. per lb.; do do, 10 and 12 oz. per sq. foot, 34c. per lb.; do do, lighter than 10 oz. per sq. foot, 36c. per lb.; circles less than 84 inches in diameter, 33c. per lb.; do, 84 inches in diameter and over, 36c. per lb.; segment and pattern sheets, 33c. per lb.; locomotive fire box sheets, 30c. per lb.; Sheathing Copper, over 12 oz. p-r square foot, 27c. per lb., and Bolt Copper, 30c. per lb. Iron.—Scotch Pig has secured enough demand to prevent any serious accumulation of stock, but there was always a little to spare for the outlet, and the tone has been easy on prices for pretty much all grades. Indeed, it is generally believed that agents have sold for a much lower figure than reported. We quote somewhat nominally at about \$21.00@24.50 per ton, according to quality, quantity, etc. American Pig has not met with much demand and the business generally proved quite unsatisfactory with prices weak all around. The offering is made as carefully as possible, but still exceeds the outlet, and the effort will now be to shut off production. We quote at \$23.00@24.00 per ton for No. 1 X foundry, \$21.00@22.50 for No. 2 X do do, and \$20.00@21.00 for gray forge. Rails remain dull. A lot of some 4,000 tons German iron rails, after remaining in store here for some three years, was recently sold at \$28.00 and then resold at \$32.00 to a Florida railroad, the latter to pay largely in bonds. Efforts to figure out the profits on the above lot of stock seem to put the railroad largely ahead. Steel rails have been in small, uncertain demand, with prices tending in buyers' favor, especially should any inclination be shown to enter upon large contracts. Old rails selling slowly and at more or less irregular value. Scrap iron dull and rather in buyers' favor, with holders in some instances inclined to force their stocks. We quote rails at \$39@40 for steel, according to delivery. Old rails \$23.50@28.00 per ton; scrap, \$25.00@26.00. Manufactured iron is still in rather moderate and uncertain demand for immediate use, but a fair call is made for architectural shapes on contract, and makers are expecting still larger and more general run of orders. Old rates are quoted, but the position is to a consider-

able extent nominal for the time being. We quote Common Merchant Bar, ordinary sizes at 2.30@2.50c. from store, and Refined at 2.50@3c.; wrought beams at 3.90@4.1c. Fish Plates quoted at 3.0@3.1c.; track bolt and nuts, 3/4@3/8c.; railway spikes 3/4@3/8c.; tank, 3/4@3/8c.; angle, 3.5c.; best flange, 5/4c. and domestic sheet on the basis of 33@4c. for common Noa. 100216. Other descriptions at corresponding prices, with 1-10c. less on large lots from cars. LEAD.—Domestic Pig has gradually lost the more cheerful tone developed a couple of weeks ago, and indeed of late the market was rather on the downward turn. Stocks well enough under control to prevent any serious pressure, but a great many small lots offered quite freely whenever any demand developed. We quote at about 43/4@4 1/2c. per lb., according to brand and the size of invoice handled. The manufactures of lead are steady and quoted: Bar, 6 1/2c.; Pipe, 6 1/2c.; and Sheet, 7 1/2c., less the usual discount to the Trade; and Tin-lined pipe, 15c.; block tin Pipe, 35c., on same terms. TIN.—Pig has not met with quite so much demand as at the date of our last regular report, and while holders offered stocks carefully, with an evident disinclination to urge the market, the undertone was easy and shrinking. Advances from abroad have been irregular, but mainly towards an easier tone all around. We quote at 21 1/2@21 3/4 for Straits and Australian, 21 1/4@21 1/2 for English L. and F. 21 1/2 for English Refined, and 21 1/2@21 3/4 for Billiton. Tin plates have been going out slowly and principally in small parcels as required to meet the current necessities of regular customers. Holders, however, remain about steady on the standard goods of which there is no great accumulation available, but have eased off on faulty brands. We quote I. C. Charcoal, third cross assortment, \$5.80@5.82 1/2 for Allaway grade, and \$6.50@6.52 1/2 for Melyn grade; for each additional X add \$1.50 and \$1.50 respectively; I. C. Coke, \$5.10@5.12 1/2 for B. V. grade; \$5.35@5.45 for Derwent and A. B. grade; Charcoal, terme, \$5@5.35 for Allaway and Dean grades, 14x20; \$10.25@10.75 for do. 20x28, Coke terme, \$1.87 1/2@1.90 for Glais grade 14x20, and \$2.87 1/2@2.90 for do. 20x28—all in round lots. Spelter has been plenty as compared with the only fair general demand prevailing and the tone was easy, though holders appeared to be in a position to prevent any serious decline. We quote at 45 1/2@45 3/4 as to brand etc. Sheet Zinc in about the average demand with a fairly steady market on small lots at 6 1/2@7 1/2 according to quality, etc.

NAILS.—A pretty full distribution of stock was made last month, including a good average proportion on export account, and while home outlets are now, in a measure, temporarily filled, buyers enough are to be found to keep up a considerable degree of animation. There is, however, no positive gain on the line of values, and jobbers, evidently undismayed by the threats to cut off production, continue to ignore the list and sell at an independent rate, with \$3.15@3.20 as probably the average top for 10d. to 60d., with car lots lower still, some, it is said, down to \$3.05 per keg.

We quote list rates at 10d to 60d, common fence and sheathing, per keg, \$3.40; 3d and 9d, common do., per keg, \$3.65; 6d and 7d, common do., per keg, \$3.90; 4d and 5d, common do., per keg, \$4.15; 3d, per keg, \$4.95; 3d, fine, per keg, \$5.65; 2d, per keg, \$5.00. Cut spikes, all sizes, \$3.65; floor, casing and box, \$4.15 @4.9; finishing, \$1.40@1.55.

Clinch Nails.—1 1/2 inch, \$5.50; 1 3/4 inch, \$5.25; 2 inch \$5.40; 2 1/4 inch, \$5.15; 3 inch and longer, \$4.90.

PAINTS AND OILS.—Local demand has been very good, somewhat better, if anything, and of a sufficiently general character to give sellers of most leading descriptions a due proportion of the business. The movement to the interior, however, is erratic and backward, with some uncertainty over the prospects regarding early development. A great deal will depend upon the removal of difficulties in the way of transportation, as these are more than usual a drawback to the handling of goods this season, and it is feared may continue long enough in many sections to cut off considerable trade. Stocks are held steadily at about firmer and appear to be under very fair control. Linseed oil not usually active but still, if anything, sells more freely and is very well maintained in value on all descriptions, with only moderate amount shown in excess of the outlet. As we close, the quotations stand about \$6@58c. for domestic, and \$9@60c. for Calcutta from first hands.

PLASTER PARIS.—There has been a good growing business in calcined for some time past, and on all home outlets the tendency now appears towards a further increase in the distribution. Considerable sales have also been made for export, especially to the East Indies, and generally prices are quite well sustained along the entire list. The stock of lump plaster has been well worked down and manufacturers are somewhat anxiously awaiting new arrivals. Reports from Nova Scotia indicate that vessels have experienced much difficulty in loading.

PITCH.—No change of importance can be noted, though in some instances expressions are a shade firmer, and there is no excess of stock offering. The demand comes mainly from regular sources. We quote at \$2.45@2.30 per bbl. for City, delivered.

SPIRITS TURPENTINE.—Orders from consumers continue to come in with same freedom, and a very fair degree of animation prevails. This also commences to reflect itself upon the wholesale market, and has imparted quite a firm tone, with stocks less freely offered. As this report is closed, the quotations stand at about 4 1/2@50c. per gallon, according to quantity handled.

TAR.—Business somewhat irregular, and in the aggregate making about as good a proportionate showing as most articles of merchandise and the selling interest retaining advantage. Supplies are moderate and offered indifferently. We quote \$2.75@3.00 per barrel for Newberne and Washington, and \$2.87 1/2@3.25 for Wilmington, according to size of invoice.

## MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the mortgage then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in this list of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

MORTGAGES.

NOTE.—The arrangement of this list is as follows: The first name is that of the mortgagor, the next that of the mortgagee. The description of the property then follows, then the date of the mortgage, the time for which it was given, and the amount. The general dates used as headings are the dates when the mortgage was handed into the Register's office to be recorded.

Whenever the letters "P. M." occur, preceded by the name of a street in these lists of mortgages, they mean that it is a Purchase Money Mortgage, and for fuller particulars see the list of transfers under the corresponding date.

## BUILDING MATERIAL MARKET.

BRICKS.—Common Hards have continued slow of sale and weak in tone, with a still further shrinkage made on the line of values. Supplies were at no time in really liberal accumulations, but always plenty enough to meet all calls, with something to spare and the surplus weighty the moment holders made the least effort to realize. Builders and dealers, in fact, have managed well this spring, and by keeping work down and steadily confining themselves to the hand to month policy retained the balance of power through which a fractional gain was made on cost from week to week, with no indication of any immediate change. Old stock, to be sure, is pretty well forward, but here and there along the river quite a number of small accumulations remain to be shipped, and at the present rate of consumption these will hold out for some time yet. We know also from personal observation that preparations for the resumption of work are now well forward at all the principal points, and it only requires something in the way of an indication of good weather for a general commencement of moulting. In fact from the present outlook the market has really a shaky sort of foundation, and sellers do not appear to find many cheerful or promising indications. It has been suggested, however, that the policy of builders in holding back on work now may so "bunch up" matters during the summer and fall as to place them at a disadvantage in regard to labor, and in a great measure neutralize whatever is saved on the cost of brick. Of Jerseys there appears to be few if any at present offerings, and the value is placed at about \$.00 per M. Up Rivers have sold during the week at \$.85, and will now scarcely exceed \$.80, and are quoted as low as \$.80 per M. Haverstraws worth about \$.00 to \$.05 on the general run, with the very best offered at \$.75 per M. Pales are decidedly flat, and we find very irregular claims made on valuations. A few operators have suggested \$4.25 to \$4.50 per M, but the majority consider \$4.00 quite as high a figure as circumstances justify, and \$3.50 has been shown on actual sales of poor stock, while a still lower range would be reached on the least attempt to force matters.

CEMENT.—Foreign grades continue more or less unsettled, and we hear of recent sales as low as \$2.30 to \$2.40 ex-ship, and \$2.50 per bbl. delivered. We doubt, however, if any of the good brands could now be bought at these rates, as receivers are commencing to talk a little steadier. Unsold arrivals are less plenty, and in some cases there has been quite an increase of business on both local and interior orders. From the

agents of Saylor's American Portland we have received notice of a reduction to \$2.05 to \$2.40, according to quantity with a good business doing. Rosendale cement in good demand and steady. A considerable quantity is loading for the East at \$2.25c. freight.

HARDWARE.—Not much information can be obtained on this market differing to any extent from features previously noted. Business lacks the full vigorous volume some of the trade had hoped for, but shows a tendency to gradually increase its proportions and a more or less hopeful undertone is extant. The selections are made from standard goods in the main, with a full proportion of builders' hardware handled, a considerable quantity of the latter being wanted on local account. In a general way the tendency of values for domestic products rather favors the buyer, though changes are not of a radical character and offerings are careful. Foreign goods, however, incline toward an increase of cost, to conform to the revised duties under the new tariff.

LATH.—It has been a quiet market during the week, not from any lack of demand, but simply owing to an absence of supplies to meet the wants of buyers. Offerings from all points have been quite limited. In fact, both here and to arrive, and while \$2.60 per M seems to have been the highest actual rates made, prompt deliveries would in one or two instances have drawn fuller bids. Receivers, indeed, still exhibit great confidence in the situation, and predict that lath will be the very last of building material to take the downward turn on values.

LIME.—On Eastern lump lime the market has remained steady at old rates, with the supply pretty closely sold up. Common, however, has not done quite so well, the offering rather exceeding the wants of the market, and cost finally weakening under the pressure, until the rate dropped to \$1.00 per bbl., at which a little more steadiness has been shown. State lime follows, but meets with a fair demand.

LUMBER.—Business on the general market with considerable uniformity and we find an absence of valuable information in the reports obtained from dealers in the various descriptions of stock. Indeed, as before suggested, there is a noticeable tendency to abstain from theoretical positions regarding the prospects for the open season now at hand, and operators who may ordinarily be counted upon to assume quite an aggressive tone, either as "bulls" or "bears" are now conservative and non-committal, and conduct their business with much caution. For manufacturing purposes there has of late been a very good demand and if all projected building operations are carried out consumption must be comparatively full, while as already shown, the exports are ahead of last year and promise to continue. No customers purchase, however, until they want goods, and they generally manage to find competition sufficient to prevent any addition to cost, while on faulty stock some shadings can be obtained. Shipments from primary sources cannot in any instance be considered full, yet the amounts received here have filled the outlet very well and it would not have required much more to create a surplus.

Eastern Spruce has found no stimulating demand, and indeed, if anything, the market had an easier turn, more especially for quality goods. The most anxious buyers, in fact, appear to have secured about all immediately required in this leaves only an indifferent sort of outlet which a very few cargoes will fill. The receipts, however, keep within narrow enough compass to prevent any important accumulation and sellers have asked about old rates at say \$15 to \$16 for good average random. Sales of ordinary have been made as low as \$14.00, and the country demand for short and narrow stuff does not appear quite so promising as a week or so ago. At the East the showing is very good, nearly all the mills having orders in hand, while those in a position to make prompt deliveries are quite busy. The cut of deals for the English trade, and manufacturers gain confidence accordingly. Recent advices indicate a gradual opening of the Maine ports, but that it is claimed will have no immediate influence upon the supplies.

White Pine shows about the same general features as noted for some little time past. Business on foreign orders has proven good, and indeed to a certain extent was the main source of demand, as home wants appear quite small, with buyers refusing to anticipate the future even to the taking of a few weeks supply beyond positively assured consumptive ability. Sellers continue to talk steadily and in some instances take a firm view of the situation, but the latter are generally compelled to come down a peg or two when actual trading takes place. Supplies are coming forward with somewhat greater freedom and accumulations and assortments fill up accordingly. We quote \$19 to \$21 for West India shipping boards, \$28 to \$30 for South American do., \$17 to \$18 for box boards, \$18.50 to \$19 for extra do.

Yellow Pine remains in a slack condition, and the general tone of the market unsatisfactory. Now and then a very few orders can be picked up as buyers really having use for supplies do not hesitate to close quickly at current cost, but the offering appears out of proportion to the general demand, and sellers labor under a disadvantage. The business in f. o. b. cargoes affords some relief, and is thought to be tending toward an increase though exporters like home buyers are careful not to exceed immediate wants. Some of the Southern mills are on the look out for contracts and those at present busy are on the look out for contracts only a few weeks ahead. The range here at the moment is about \$19.00 to \$22.00 per M with a doubtful sale for random cargoes.

Hardwoods without new features. The general demand is moderate, and wants only first-class stuff, for which a fairly steady tone is preserved, while the ample offering of "off" grades, culls, etc., is neglected, and has a weak uncertain position as regards values. We quote at wholesale rates by car-load about as follows: Walnut, \$80 to \$115 per M; ash, \$.50 to \$.45 do.; oak, \$.40 to \$.50 do.; maple, \$.30 to \$.40 do.; chestnut, \$.40 to \$.50 do.; cherry, \$.40 to \$.75 do.; whitewood 1/2 and 3/4 inch, \$.30 to \$.35 do. do., and do., 1 inch, \$.35 to \$.42; hickory, \$.35 to \$.65 do.

From among the charters recently reported we select the following:

A Br. ship, Quebec to Whitby, deals, 80s., and timber, 34s.; a Br. barque, Quebec to Dundee, deals, 65s., and timber, 27s.; a Br. ship, Quebec to Glasgow, timber, 26s, 6d.; a Br. ship, 1367 tons, St. John N. ## GENERAL LUMBER NOTES.

### THE STATE.

The following is the *Argus* report of the Albany lumber market:

[FOR THE WEEK ENDING APRIL 17, 1883.]

The freshet in the river, covering the wharves some three feet, has prevented the shipment of lumber, except by rail and by a few vessels loading at the north end of the district, where the dock is two feet higher. There have been buyers on the yards every day, however, and a fair amount has been sold.

The stock and assortment of pine remains good, and the prices are steady. Spruce 1, 1 1/2 and 2 in., and hemlock boards, joist and srips are about all gone, and as the freshet north prevents the mills from manufacturing them, it will be some time before any can be received by rail. Every effort will be made to get them here as soon as possible. The canals will not probably open for a month, if so soon, as the freshet prevents the work necessary to prepare them for navigation. Hardwoods are being received by rail, keeping up a fair stock and good assortment, for which there is a good demand, particularly for the finer woods and better qualities.

### THE WEST.
